

Bible Doctrine 1 – Lesson 11

Ministries of the Holy Spirit

Romans 8:12-15

Introduction: There is one obvious fact about the Holy Spirit from the Scriptures, which is that the Holy Spirit is at work in this present day. There are certain areas of ministry that we see the Holy Spirit fulfilling in this present dispensation. This is the day or dispensation of grace, it is the day of the Church, and it is the Day of the Holy Spirit. The work of God being accomplished in the world and in the Church today is a spiritual work and therefore must be accomplished by the Holy Spirit.

The ministry of the Holy Spirit is hindered in the Church because of the issue of humanism. Humanism celebrates the achievements of man. Humanism says, “I am good enough,” “I can accomplish things on my own,” and “I don’t need any outside help.” The work of God cannot be accomplished without the Spirit of God.

The Holy Spirit along with His ministries must be longed for welcome in the Church. We must understand Scripturally how the Spirit has chosen to work in the life of believer’s individually and the Church corporately.
