

# 10 Most Important Finds In Recent Years

## Lesson 12

Biblical archaeology is a wide field offering modern readers fascinating insights into the everyday lives of people mentioned in the Bible. While archaeological findings don't prove the truth of Scripture, they do have the potential to enrich our understanding and draw us into the world of the biblical writers—giving us a glimpse of the ancient world behind the living Word. Here are the ten most significant discoveries in the field of biblical archaeology:

### **1. Rosetta Stone**

### **2. Dead Sea Scrolls**

### **3.Tel Dan Inscription.**

### **4.Ketef Hinnom Scrolls**

**5. Moabite Stone**

**6. Lachish Letters**

## **7.Epic of Gilgamesh**

## **8.Hezekiah's Tunnel**

## **9. Crucified Man at Givat Hamivtar**

## **10. Ugaritic Texts**
